Dear Mr Sample,

Important information about your Enterprise Super account

Member number: 000000-000000

This letter provides you with important information about your Enterprise Super account.

As part of a strategic review of Enterprise Super, Equity Trustees Superannuation Limited (ETSL), the trustee of Enterprise Super has made an in-principle decision to transfer all members and assets of Enterprise Super to The Executive Superannuation Fund, subject to the completion of due diligence. If the transfer does not proceed for any reason, you will be notified. The decision has been made to gain greater efficiencies and economies of scale, which will deliver greater benefits to members.

How and when will the transfer take place?

All members and assets of Enterprise Super will be automatically transferred to The Executive Superannuation Fund in a new sub-division called 'Enterprise Plan' on **30 June 2017**, unless a member chooses to opt-out of the transfer.

This type of transfer is known as a 'successor fund transfer' and is allowed to be done without member consent as the rights of each member of Enterprise Super in relation to benefits will be equivalent (or better) upon transfer to The Executive Superannuation Fund. Both ETSL and the trustee of The Executive Superannuation Fund (Equity Trustees Limited) must agree to this and be satisfied that this will occur.

What this means for you

Upon transfer, you will become a member of The Executive Superannuation Fund and invested into the nearest equivalent investment option, replacing your current investment choice. You will maintain your current insurance benefits and membership number and you can continue to login to your Super Managers Online account as per normal.

Investment options

Your account balance is currently invested in the investment options shown below and will be invested into the nearest equivalent investment choice in The Executive Superannuation Fund, as indicated in the following table:

Investment fees, buy/sell spreads, switching fees and advice fees relating to all members are not applicable, however there are additional fees that may apply as summarised in the above table, in certain circumstances. The table provides a summary of material differences in specific fees and costs and gives an example of the ongoing cost of each product (for a \$50,000 account balance) having regard to fees and costs disclosure requirements currently applicable and information currently available to ETSL. You should consider all relevant information regarding the fees and costs which will be provided in your Product Disclosure Statement (PDS) from The Executive Superannuation Fund. The fees and costs information may be presented differently in the PDS due to changes to the fees and costs disclosure requirements and updated estimates. Estimates are subject to change. For further information please contact Member Services.

The Executive Superannuation Fund

The Executive Superannuation Fund offers members comprehensive investment choice, with a wide range of investment options to choose from. The Executive Superannuation Fund is a 'public offer scheme', which means you will be able to retain your super account when you move between different employers and you can also consolidate other super accounts which you may have outside of the fund.

Death benefit nominations

If you have a Binding Death Benefit Nomination in Enterprise Super, you should be aware that it will lapse and no longer be valid upon transfer to The Executive Superannuation Fund. This is because a Binding Death Benefit Nomination only binds ETSL, the trustee of Enterprise Super. A nomination form will be provided to you with the Welcome Pack.

If you have made a Non-Binding Death Benefit Nomination in Enterprise Super, this will carry over upon transfer and apply to your account in The Executive Superannuation Fund.

Transaction freeze period

In preparation for this transfer, we will not be processing any transactions (such as switches or withdrawals) in Enterprise Super from 23 June 2017 to 30 June 2017. Any requests received during this period will be processed in the 'Enterprise Plan', the sub-division in The Executive Superannuation Fund from 1 July 2017. Any transactions processed from 14 June to 22 June will receive the unit price applicable to 14 June 2017.

Other information you will receive

After the transfer has taken place, your existing account will be closed and you will receive an exit statement from Enterprise Super.

Shortly after your account has been transferred you will receive a Welcome Pack from The Executive Superannuation Fund which will include a welcome statement, providing details of your account and how it is invested, any insurance cover (if applicable), your PDS and any other relevant information. Should you have any queries in the interim, please contact Member Services.

How to opt-out of the transfer

If you do not want your account transferred to The Executive Superannuation Fund on 30 June 2017, you will need to request the rollover of your entire account to another superannuation fund or payment of your account balance (if eligible). To do so, please contact Member Services on 1800 816 575 as soon as possible to obtain the relevant form to complete. You must complete and return the form to Member Services **by no later than 22 June 2017**.
